

The Five College Directory

2008–2009

- Five College Administrators and Staff
- Five College Programs and Seminars
- Libraries
- New and Visiting Faculty

The Five College Directory is created each year for the Five College community. Its aim is to help people make connections—with colleagues at other campuses as well as with Five College online resources and sources of funding for collaborative efforts. More detailed information about programs and collaborative activity in general appears online on the Five College Web site: www.fivecolleges.edu.

The directory also features a list of this year's new and visiting faculty at the campuses (including their areas of scholarly interest), information about currently active Five College programs and faculty seminars, and the names and addresses of administrators and staff associated with Five Colleges, Incorporated.

Inquiries, corrections, and comments concerning the directory should be addressed to Kevin Kennedy: kkennedy@fivecolleges.edu.
