This document does not reflect the full schedule of buses available and is intended only as a guide showing buses in alignment with class start times. Before making any final decisions, please review official bus schedules at <http://pvta.com/schedules.php>.

**Route 39E** buses are special, 18-passenger PVTA vans that will run regularly Monday to Friday through the 2012–2013 academic year. The fall semester service for this route starts Wednesday, September 5, 2012 and ends Thursday, December 13, 2012; with no service October 8–9, 2012 or November 21–23, 2012. The spring semester service starts Tuesday, January 22, 2013 and ends Thursday, May 2, 2013; with no service March 18–22, 2013 (hence not during exam week each semester). Check the full schedule of the **Route 38** and **Route 39** buses for other options, including service weekends and Monday to Friday when Route 39E is not in service as noted above. Stops are three at Mount Holyoke College (on Park Street, at Blanchard Hall and at the stone shelter on Route 116) and three in Northampton (Smith College's John M. Greene Hall, the Academy of Music and the post Office).

Buses listed as running on **Routes 38/39** require taking the Five College PVTA Route 38 bus from Mount Holyoke College to Hampshire College, then changing to the Five College PVTA Route 39 bus, which goes from Hampshire to Mount Holyoke College. Buses listed as running on **Routes 39/38** require taking the Five College PVTA Route 39 bus from Smith College to Hampshire College and then changing to the Five College PVTA Route 38 bus, which goes from Hampshire College to Mount Holyoke College. Since the schedules are not precisely synchronized, some wait time is required for the connecting bus at Hampshire College.

**This bus schedule data is consolidated from schedules published by the PVTA.**

Please note that public transit schedules are changed only after extensive consultation. Usually, schedules remain fixed for an entire academic year.
